

We have put together a unique blend of member updates and public programs with business and technical content offered via multiple tracks. GENIVI leadership will inform members of strategic projects and status of marketing and technical initiatives. Nearly all of the business and technical content, including the GENIVI Development Platform (GDP) hands-on training will be open to members and non-members alike.

Tuesday, October 18 Open to Members only

Wednesday, October 19 Open to Members & Registered Non-Members Thursday, October 20 Open to Members & Registered Non-Members Friday, October 21 Open to Members & Registered Non-Members

Please check back for session updates. Some program sessions might change and substitutions may occur.

GDP Tutorials	Members Technical Track 1
Networking Lunch	Open Projects Track1
Open Projects Track 2	Plenary Sessions
Special Events	Start-up Track

10/18/2016

08:00-08:45	GENIVI Alliance for Beginners
09:00-09:15	Welcome Keynote
09:15-10:00	GENIVI President's Welcome & Keynote
10:00-12:30	GENIVI Expert Group Status Overview
14:00-15:00	Cluster BoF
14:00 - 15:00	Security Readout
15:00 - 15:45	GENIVI Development Platform (GDP) Rollout
15:00-15:45	Korea Regional Expert Group (REG) Update
16:15-17:00	Simulator (TBD)
16:15-17:30	LRT Overview and GDP v3 Challenge

10/19/2016 10/19/2016 10/19/2016 10/19/2016 10/19/2016 10/19/2016 10/19/2016 10/19/2016 10/19/2016 10/19/2016 10/19/2016 10/19/2016 10/19/2016 10/19/2016 10/19/2016 10/19/2016 10/19/2016 10/19/2016 10/19/2016 10/19/2016 10/19/2016 10/19/2016 10/19/2016 10/19/2016 10/19/2016 10/19/2016 10/19/2016 10/19/2016 10/19/2016 10/19/2016 10/19/2016 10/19/2016 10/19/2016 10/19/2016 10/19/2016 10/19/2016 10/19/2016 10/19/2016 10/19/2016 10/19/2016 10/19/2016 10/19/2016 10/19/2016 10/19/2016 10/19/2016 10/19/2016 10/19/2016 10/19/2016 10/19/2016 10/19/2016 10/19/2016 10/19/2016 10/19/2016 10/19/2016 10/19/2016 10/19/2016 10/19/2016 10/19/2016 10/19/2016 10/19/2016 10/19/2016 10/19/2016 10/19/2016 10/19/2016 10/19/2016 10/19/2016 10/19/2016 10/19/2016 10/19/2016 10/19/2016 10/19/2016 10/19/2016 10/19/2016 10/19/2016 10/19/2016 10/19/2016 10/19/2016 10/19/2016 10/19/2016 10/19/2016 10/19/2016 10/19/2016 10/19/2016 10/19/2016 10/19/2016 10/19/2016 10/19/2016 10/19/2016 10/19/2016 10/19/2016 10/19/2016 10/19/2016 10/19/2016 10/19/2016 10/19/2016 10/19/2016 10/19/2016 10/19/2016 10/19/2016 10/19/2016 10/19/2016 10/19/2016 10/19/2016 10/19/2016 10/19/2016 10/19/2016 10/19/2016 10/19/2016 10/19/2016 10/19/2016 10/19/2016 10/19/2016 10/19/2016 10/19/2016 10/19/2016 10/19/2016 10/19/2016 10/19/2016 10/19/2016 10/19/2016 10/19/2016 10/19/2016 10/19/2016 10/19/2016 10/19/2016 10/19/2016 10/19/2016 10/19/2016 10/19/2016 10/19/2016 10/19/2016 10/19/2016 10/19/2016 10/19/2016 10/19/2016 10/19/2016 10/19/2016 10/19/2016 10/19/2016 10/19/2016 10/19/2016 10/19/2016 10/19/2016 10/19/2016 10/19/2016 10/19/2016 10/19/2016 10/19/2016 10/19/2016 10/19/2016 10/19/2016 10/19/2016 10/19/2016 10/19/2016 10/19/2016 10/19/2016 10/19/2016 10/19/2016 10/19/2016 10/19/2016 10/19/2016 10/19/2016 10/19/2016 10/19/2016 10/19/2016 10/19/2016 10/19/2016 10/19/2016 10/19/2016 10/19/2016 10/19/2016 10/19/2016 10/19/2016 10/19/2016 10/19/2016 10/19/2016 10/19/2016 10/19/2016 10/19/2016 10/19/2016 10/19/2016 10/19/2016 10/19/2016 10/19/2016 10/19/2016 10/19/2016		
Integrating Vehicles into the Connect City Infrastructure of Today and Tomorrow	18:00 - 20:00	GENIVI Welcome Reception
D9:30 - 12:30 Hands-on Session - TBD PANEL: City/Industry Leaders Discussion on the Smart & Connected City Opportunity Landscape Remote Vehicle Interaction Update (GENIVI) 9:30 - 10:30 Security Architecture Overview (GENIVI) 11:00 - 11:30 Understanding In-memory Cyber Security attacks on IVI Systems 11:00 - 11:45 SafeHMI for Driver Monitoring and Alerting (Luxoft) Mapping the Road to Connected Transportation 11:30 - 12:00 Application Security Model Goals & Update Status (AGL) Adding AUTOSAR Communciation to GENIVI Linux (Mentor) What will become of IVI in Autonomous Vehicles? Innovative Approaches in Cyber-Security Networking Lunch Rapid Software Testing & Conformance with Static Code Analysis Benefits of Software & Hardware Integration for Automotive Systems Modeling Interfaces with franca - Introduction and Update An Overview of GENIVI's Infrastructure from git to Continuous Integration TechStars Overview & Presentation Hands-on Session - GENIVI Development Platform (Intel: Minnowboard Turbot) Security in the Age of Open Source Software Are your interfaces used as expected? Validate D-bus messages with franca deployment models and EB solys Analyst Panel moderated by Andy Gryc Application Framework Update Intermet Browser Solutions for the GENIVI Development Platform (GENIVI) Graphics Design Team Readout Keynote - Marten Mickos, HackerChe Knowing your System - Executable Specifications for IVI Product Lines	10/19/2016	
PANEL: City/Industry Leaders Discussion on the Smart & Connected City Opportunity Landscape 9:30 - 10:30 Remote Vehicle Interaction Update (GENIVI) 9:30 - 10:30 Security Architecture Overview (GENIVI) 11:00 - 11:30 Understanding In-memory Cyber Security attacks on IVI Systems 11:00 - 11:45 SafeHMI for Driver Monitoring and Alerting (Luxoft) 11:00 - 11:45 Mapping the Road to Connected Transportation 11:30 - 12:00 Application Security Model Goals & Update Status (AGL) 11:45 - 12:30 Adding AUTOSAR Communication to GENIVI Linux (Mentor) 11:45 - 12:30 What will become of IVI in Autonomous Vehicles? 12:00 - 12:30 Innovative Approaches in Cyber-Security 12:30 - 14:00 Networking Lunch 14:00 - 14:45 Benefits of Software & Hardware Integration for Automotive Systems 14:00 - 14:45 Modeling Interfaces with franca - Introduction and Update 14:00 - 15:00 An Overview of GENIVI's Infrastructure from git to Continuous Integration 14:00 - 17:30 Hands-on Session - GENIVI Development Platfom (Intel: Minnowboard Turbot) 14:35 - 15:15 Security in the Age of Open Source Software 14:45 - 15:15 Are your interfaces used as expected? Validate D-bus messages with franca deployment models and EB solys 14:45 - 16:15 Internet Browser Solutions for the GENIVI Development Platform (GENIVI) 16:30 - 17:30 Keynote - Marten Mickos, HackerOne Knowing your System - Executable Specifications for IVI Product Lines	09:00 - 09:30	Integrating Vehicles into the Connect City Infrastructure of Today and Tomorrow
99:30 - 10:30 Remote Vehicle Interaction Update (GENIVI) 99:30 - 10:30 Security Architecture Overview (GENIVI) 11:00 - 11:30 Understanding In-memory Cyber Security attacks on IVI Systems 11:00 - 11:45 SafeHMI for Driver Monitoring and Alerting (Luxoft) 11:00 - 11:45 Mapping the Road to Connected Transportation 11:30 - 12:00 Application Security Model Goals & Update Status (AGL) 11:45 - 12:30 Adding AUTOSAR Communication to GENIVI Linux (Mentor) 11:45 - 12:30 What will become of IVI in Autonomous Vehicles? 12:00 - 12:30 Innovative Approaches in Cyber-Security Networking Lunch 14:00 - 14:35 Rapid Software Testing & Conformance with Static Code Analysis 14:00 - 14:45 Benefits of Software & Hardware Integration for Automotive Systems 14:00 - 14:45 Modeling Interfaces with franca - Introduction and Update 14:00 - 15:00 An Overview of GENIVI's Infrastructure from git to Continuous Integration 14:00 - 17:30 Hands-on Session - GENIVI Development Platfom (Intel: Minnowboard Turbot) 14:35 - 15:15 Security in the Age of Open Source Software 14:45 - 15:15 Are your interfaces used as expected? Validate D-bus messages with franca deployment models and EB solys Analyst Panel moderated by Andy Gryc 15:15 - 16:15 Internet Browser Solutions for the GENIVI Development Platform (GENIVI) 16:30 - 17:30 Keynote - Marten Mickos, HackerOne Knowing your System - Executable Specifications for IVI Product Lines	09:30 - 12:30	Hands-on Session - TBD
99:30 - 10:30 Security Architecture Overview (GENIVI) 11:00 - 11:30 Understanding In-memory Cyber Security attacks on IVI Systems 11:00 - 11:45 SafeHMI for Driver Monitoring and Alerting (Luxott) Mapping the Road to Connected Transportation 11:30 - 12:00 Application Security Model Goals & Update Status (AGL) 11:45 - 12:30 Adding AUTOSAR Communciation to GENIVI Linux (Mentor) 11:45 - 12:30 What will become of IVI in Autonomous Vehicles? 12:00 - 12:30 Innovative Approaches in Cyber-Security Networking Lunch Rapid Software Testing & Conformance with Static Code Analysis Benefits of Software & Hardware Integration for Automotive Systems Modeling Interfaces with franca - Introduction and Update 4:00 - 14:45 Modeling Interfaces with franca - Introduction and Update An Overview of GENIVI's Infrastructure from git to Continuous Integration 14:00 - 15:00 TechStars Overview & Presentation Hands-on Session - GENIVI Development Platforn (Intel: Minnowboard Turbot) Security in the Age of Open Source Software 4:45 - 15:15 Are your interfaces used as expected? Validate D-bus messages with franca deployment models and EB solys Analyst Panel moderated by Andy Gryc Application Framework Update Internet Browser Solutions for the GENIVI Development Platform (GENIVI) Graphics Design Team Readout Keynote - Marten Mickos, HackerOne Knowing your System - Executable Specifications for IVI Product Lines	09:30 - 10:30	PANEL: City/Industry Leaders Discussion on the Smart & Connected City Opportunity Landscape
11:00 - 11:30 Understanding In-memory Cyber Security attacks on IVI Systems 11:00 - 11:45 SafeHMI for Driver Monitoring and Alerting (Luxoft) 11:00 - 11:45 Mapping the Road to Connected Transportation 11:30 - 12:00 Application Security Model Goals & Update Status (AGL) 11:45 - 12:30 Adding AUTOSAR Communciation to GENIVI Linux (Mentor) 11:45 - 12:30 What will become of IVI in Autonomous Vehicles? 12:00 - 12:30 Innovative Approaches in Cyber-Security 12:30 - 14:00 Networking Lunch Rapid Software Testing & Conformance with Static Code Analysis Benefits of Software & Hardware Integration for Automotive Systems 14:00 - 14:45 Benefits of Software & Hardware Integration for Automotive Systems 14:00 - 15:00 An Overview of GENIVI's Infrastructure from git to Continuous Integration 14:00 - 15:00 TechStars Overview & Presentation 14:00 - 17:30 Hands-on Session - GENIVI Development Platform (Intel: Minnowboard Turbot) Security in the Age of Open Source Software 14:45 - 15:15 Are your interfaces used as expected? 14:00 - 14:35 Rapid Software Testing & Conformance with Static Code Analysis 14:00 - 14:45 Benefits of Software & Hardware Integration for Automotive Systems 14:00 - 14:45 Modeling Interfaces with franca - Introduction and Update 14:00 - 15:00 An Overview of GENIVI's Infrastructure from git to Continuous Integration 14:00 - 15:00 TechStars Overview & Presentation 14:00 - 17:30 Hands-on Session - GENIVI Development Platfom (Intel: Minnowboard Turbot) 14:35 - 15:15 Security in the Age of Open Source Software 14:45 - 15:15 Are your interfaces used as expected? Validate D-bus messages with franca deployment models and EB solys 14:45 - 16:00 Analyst Panel moderated by Andy Gryc 15:15 - 16:15 Application Framework Update 15:45 - 16:15 Internet Browser Solutions for the GENIVI Development Platform (GENIVI) 16:30 - 17:30 Keynote - Marten Mickos, HackerOne 16:30 - 17:30 Knowing your System - Executable Specifications for IVI Product Lines	12:00 - 12:30	Innovative Approaches in Cyber-Security
14:00 - 14:45 Benefits of Software & Hardware Integration for Automotive Systems 14:00 - 14:45 Modeling Interfaces with franca - Introduction and Update 14:00 - 15:00 An Overview of GENIVI's Infrastructure from git to Continuous Integration 14:00 - 15:00 Tech Stars Overview & Presentation 14:00 - 17:30 Hands-on Session - GENIVI Development Platfom (Intel: Minnowboard Turbot) 14:35 - 15:15 Security in the Age of Open Source Software 14:45 - 15:15 Are your interfaces used as expected? Validate D-bus messages with franca deployment models and EB solys 14:45 - 16:00 Analyst Panel moderated by Andy Gryc 15:15 - 16:15 Internet Browser Solutions for the GENIVI Development Platform (GENIVI) 16:30 - 17:30 Keynote - Marten Mickos, HackerOne 16:30 - 17:30 Knowing your System - Executable Specifications for IVI Product Lines	12:30 - 14:00	Networking Lunch
14:00 - 14:45 Modeling Interfaces with franca - Introduction and Update 14:00 - 15:00 An Overview of GENIVI's Infrastructure from git to Continuous Integration 14:00 - 15:00 TechStars Overview & Presentation 14:00 - 17:30 Hands-on Session - GENIVI Development Platfom (Intel: Minnowboard Turbot) 14:35 - 15:15 Security in the Age of Open Source Software 14:45 - 15:15 Are your interfaces used as expected? Validate D-bus messages with franca deployment models and EB solys 14:45 - 16:00 Analyst Panel moderated by Andy Gryc 15:15 - 16:15 Application Framework Update 15:45 - 16:15 Internet Browser Solutions for the GENIVI Development Platform (GENIVI) 16:30 - 17:30 Keynote - Marten Mickos, HackerOne 16:30 - 17:30 Knowing your System - Executable Specifications for IVI Product Lines	14:00 - 14:35	Rapid Software Testing & Conformance with Static Code Analysis
An Overview of GENIVI's Infrastructure from git to Continuous Integration 14:00 - 15:00 Tech Stars Overview & Presentation Hands-on Session - GENIVI Development Platfom (Intel: Minnowboard Turbot) 14:35 - 15:15 Security in the Age of Open Source Software 14:45 - 15:15 Are your interfaces used as expected? Validate D-bus messages with franca deployment models and EB solys 14:45 - 16:00 Analyst Panel moderated by Andy Gryc 15:15 - 16:15 Application Framework Update 15:45 - 16:15 Internet Browser Solutions for the GENIVI Development Platform (GENIVI) 16:30 - 17:30 Keynote - Marten Mickos, HackerOne Knowing your System - Executable Specifications for IVI Product Lines	14:00 - 14:45	Benefits of Software & Hardware Integration for Automotive Systems
14:00 - 15:00 TechStars Overview & Presentation 14:00 - 17:30 Hands-on Session - GENIVI Development Platfom (Intel: Minnowboard Turbot) 14:35 - 15:15 Security in the Age of Open Source Software 14:45 - 15:15 Are your interfaces used as expected? Validate D-bus messages with franca deployment models and EB solys 14:45 - 16:00 Analyst Panel moderated by Andy Gryc 15:15 - 16:15 Application Framework Update 15:45 - 16:15 Internet Browser Solutions for the GENIVI Development Platform (GENIVI) 16:30 - 17:30 Keynote - Marten Mickos, HackerOne 16:30 - 17:30 Knowing your System - Executable Specifications for IVI Product Lines	14:00 - 14:45	Modeling Interfaces with franca - Introduction and Update
Hands-on Session - GENIVI Development Platfom (Intel: Minnowboard Turbot) Security in the Age of Open Source Software Are your interfaces used as expected? Validate D-bus messages with franca deployment models and EB solys Analyst Panel moderated by Andy Gryc Application Framework Update 15:45 - 16:15 Internet Browser Solutions for the GENIVI Development Platform (GENIVI) Graphics Design Team Readout Keynote - Marten Mickos, HackerOne Knowing your System - Executable Specifications for IVI Product Lines	14:00 - 15:00	An Overview of GENIVI's Infrastructure from git to Continuous Integration
Security in the Age of Open Source Software 14:45 - 15:15 Are your interfaces used as expected? Validate D-bus messages with franca deployment models and EB solys 14:45 - 16:00 Analyst Panel moderated by Andy Gryc 15:15 - 16:15 Application Framework Update 15:45 - 16:15 Internet Browser Solutions for the GENIVI Development Platform (GENIVI) 16:30 - 17:30 Graphics Design Team Readout Keynote - Marten Mickos, HackerOne Knowing your System - Executable Specifications for IVI Product Lines	14:00 - 15:00	TechStars Overview & Presentation
Are your interfaces used as expected? Validate D-bus messages with franca deployment models and EB solys 14:45 - 16:00 Analyst Panel moderated by Andy Gryc 15:15 - 16:15 Application Framework Update 15:45 - 16:15 Internet Browser Solutions for the GENIVI Development Platform (GENIVI) 16:30 - 17:30 Graphics Design Team Readout Keynote - Marten Mickos, HackerOne Knowing your System - Executable Specifications for IVI Product Lines	14:00 - 17:30	Hands-on Session - GENIVI Development Platfom (Intel: Minnowboard Turbot)
EB solys Analyst Panel moderated by Andy Gryc 15:15 - 16:15 Application Framework Update 15:45 - 16:15 Internet Browser Solutions for the GENIVI Development Platform (GENIVI) 16:30 - 17:30 Graphics Design Team Readout Keynote - Marten Mickos, HackerOne Knowing your System - Executable Specifications for IVI Product Lines	14:35 - 15:15	Security in the Age of Open Source Software
14:45 - 16:00 Analyst Panel moderated by Andy Gryc 15:15 - 16:15 Application Framework Update 15:45 - 16:15 Internet Browser Solutions for the GENIVI Development Platform (GENIVI) 16:30 - 17:30 Graphics Design Team Readout Keynote - Marten Mickos, HackerOne Knowing your System - Executable Specifications for IVI Product Lines	14:45 - 15:15	
15:45 - 16:15 Internet Browser Solutions for the GENIVI Development Platform (GENIVI) 16:30 - 17:30 Graphics Design Team Readout 16:30 - 17:30 Keynote - Marten Mickos, HackerOne 16:30 - 17:30 Knowing your System - Executable Specifications for IVI Product Lines	14:45 - 16:00	·
16:30 - 17:30 Graphics Design Team Readout 16:30 - 17:30 Keynote - Marten Mickos, HackerOne 16:30 - 17:30 Knowing your System - Executable Specifications for IVI Product Lines	15:15 - 16:15	Application Framework Update
16:30 - 17:30 Keynote - Marten Mickos, HackerOne 16:30 - 17:30 Knowing your System - Executable Specifications for IVI Product Lines	15:45 - 16:15	Internet Browser Solutions for the GENIVI Development Platform (GENIVI)
16:30 - 17:30 Knowing your System - Executable Specifications for IVI Product Lines	16:30 - 17:30	Graphics Design Team Readout
	16:30 - 17:30	Keynote - Marten Mickos, HackerOne
17:30 - 20:00 GENIVI Showcase & Reception	16:30 - 17:30	Knowing your System - Executable Specifications for IVI Product Lines
	17:30 - 20:00	GENIVI Showcase & Reception

10/20/2016	
09:00 - 09:30	Keynote - TBD
09:30 - 10:00	GENIVI Start-up Program Overview
09:30 - 10:00	W3C Automotive Business Group Update
09:30 - 10:30	Open Source Secure Software Updates for Linux-based IVI Systems (GENIVI)
09:30 - 12:30	Hands-on Session - GENIVI Development Platfom (ARM, Renesas Stout, Rpi2)
10:00 - 10:15	Start-up Presentations
10:00 - 10:30	Navigation APIs: from native to Web with Franca and CommonAPI (GENIVI)
10:15 - 10:30	Start-up Presentations
11:00 - 11:30	Start-up Presentations
11:00 - 12:00	Innovative Approaches in cyber-security
11:00 - 12:30	Baseline Integration Team - Introduction and Status/Roadmap (GENIVI)
11:00 - 12:30	Vehicle Data Interface (GENIVI)
12:30 - 14:00	Networking Lunch
14:00 - 15:00	Big Data
14:00 - 17:30	Hands on session - Developing User Experiences on GDP
15:00 - 16:00	EG Working Sessions
15:00 - 16:00	GENIVI Software as Portfolio. Where can we go next & how?
15:00 - 16:00	Open Media Manager (GENIV)
16:15 - 17:30	Smart Device Link Integration to GDP
10/21/2016	

Hands-On Session - Yocto Project Primer

09:00 - 12:30
