

The background of the slide is a semi-transparent blue wireframe of a car, overlaid with a network of orange lines and nodes. Several circular icons are connected to the network, including a house, a cloud, a building, a car, a truck, a traffic light, and a smartphone. The overall theme is connectivity and distributed systems.

[GSHA] Graphics Sharing & Distributed HMI

Gunnar Andersson
Roman Leykin
Sergey Kevitskiy

Working session Agenda

- Quick project intro
 - The 5 categories of graphics sharing on project homepage*
- Harman graphics share presentations
- Demo
