

# Android development repository structure

## Introduction

This page was created to describe the concept of the Android development repository structure so that new comers to the project can quickly navigate it and find what they need.

## Overview

Please find a small overview of the repository structure attached by [Piotr Krawczyk](#)

## Contact people

- [Gunnar Andersson](#)
- [Piotr Krawczyk](#)
- [Stephen Lawrence](#)

## Process

- **DONE** Initial design
- **DOING** Initial division and creation of tasks (+ taking RENESAS into consideration)
- **TODO** Implementation of tasks
- **TODO** Repository ready
