## Thursday time schedule

**09:00 - 09:30** Return-of-experience presentation: **Securethings**

**09:30 - 9:50** Itemis

**09:50 - 10:30** **Workshop**

## Workshop topics

### **Discussion on the survey results - 10-15 min**

(led by: Bevan and Hilik)

- Reactions to the survey
  - Which conclusions are most important to take action on?
  - Was there some area missing in the questionnaire?
  - Did you feel there were any incorrect conclusions?
- Discuss second (follow-up) security survey after SAE survey
  - Drawing from GENIVI Security Team already comprehensive survey preparation
  - Plus the identified "follow-ups" or missing features in SAE survey
- Draft some concrete follow-up questions for a "stage 2" survey

### **"Ask-me-anything" based on Return-of-experience presentations this week - 10 min / end (Securethings, Saferide, Karamba, Irdeto)**

- The room participants (several from diverse companies since this is an AMM) have the opportunity to continue Q&A if there was not enough time.

### **Charter and Aims for next year**

### **Backup topics**

- **Linux hardening guide**  
...?
- Invitation to security team regular meetings. (Which topic are you most interested in?)
- Open Mic?: Message from OEMs indicating the security stance, upto and value. Areas of concern they see.
- Sec Team Meeting during TU?
