

Privacy and Identity

Consent Management

December 12, 2023 - Presentation and Discussion

Purpose: First in a series of discussions of Consent Management in Automotive to garner and gauge interest and identify areas of potential collaboration.

Description:

Initial discussion of Consent Management in lead by COVESA member 360 of Me . The initial goal is to educate and engage, COVESA members identifying meaningful areas of focus and ultimately work product. With the longer term goal being collaboration on meaningful work product (recommendations, specifications, tools, proofs of concept, modules....)

Draft Agenda/Flow:

1. Overview of Consent Management
2. Education of current / upcoming Privacy Laws
3. Specific connections to the Connected Car development
